DETAILED ACTION

Allowable Subject Matter

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-22 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an image forming apparatus having functions of tilt adjustments to a mirror for reflecting a laser beam and outputting an image after registration of a plurality of images, the apparatus comprising: a laser source for generating laser beams; a plurality of mirrors for reflecting a plurality of light beams including at least one reference beam for forming the images based on the laser beams generated by the laser source; image forming means for forming the images for each of the light beams; image transfer means for storing the images formed by the image forming means and transferring the stored images in a predetermined sub-scanning direction; inclination detecting means for detecting inclinations of the images stored by the image transfer means in a main-scanning direction in relation to the sub-scanning direction at least on the reference beam; and inclination correcting means for correcting the inclinations detected by the inclination detecting means on the reference beam in the main-scanning direction by adjusting a relative angle of the mirror for reflecting the reference beam in the main-scanning direction, respectively, as set forth in Claim 1 including all of the features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany
